Date 16 september 2010
Subject Proficiency in survival craft and rescueboats other than fast rescueboats (STCW A VI/2)

Our reference
Slo 20100916-01

If not received in full, call
0031-70-4564493

Persons holding a Dutch endorsement as deck-officer or engineroom-officer also have sufficient proficiency in survival craft and rescueboats, other than fast rescueboats (STCW A VI/2). The Netherlands Shipping Inspectorate does not issue a separate document as proof of this proficiency. This training is incorporated in the officers' training at nautical college, which means that the training is completed but will not be separately mentioned on an officers' certificate or endorsement,

Yours sincerely,

Piet Slobbe
Surveyor

Transport and Water Management Inspectorate Netherlands
Shipping Inspectorate (Marine and Fishery)
